

The First Parish Guide to Percentage Giving is one way to help you think about your pledge.

In keeping with our [First Parish Covenant of Community](#), the Renewal of Giving Team invites you to **commit to a goal of growing in generosity over time as your level of commitment to First Parish deepens.**

First Parish has no set fees. Instead, we look to each household to pledge: to make a promise of financial support to First Parish and our mission to be a blessing to the world. Where does your pledge as a percent of income fit in now? Where would you like it to be?
